

Ask the Mayor
mayor@cityofbridgeton.com

Where did summer go? Its fall and the cool weather is coming, time for football games, tailgating events, sleeping late, if you can and Halloween. October is a unique month in that it is the month we make plans for the holidays. Who's hosting Thanksgiving, office parties, and neighborhood get together, Christmas and New Years?

I've been really blessed for the past three Sunday afternoons watching the Bridgeton Midget Football Team at home literally roll through the competition week after week. I think the Philadelphia Eagles could learn a few things from the coaches and staff that work with young men that take that field and own it every Sunday. I look forward to another victorious season for the teams and wish them the best of luck in the play offs.

I've been asked several times in the past few weeks why the tax bill is so late. The city was waiting for the final county numbers and the last week in September we got them we sent the bills out the following week. Please understand that the city is doing everything possible to keep expenses down and get the information to you the tax payer as soon as it is available.

This past weekend we had a neighborhood clean up and we are having another on the Saturday Oct. 13th from 9 am to 12 noon. I hope we have another great turnout this kind of community activity helps the city inside and outside demonstrating that we the residents of Bridgeton care how our town looks. I want to thank those that worked this weekend and those that will work next week cleaning the city.

October 6th Clean-up Crew – Thank you all for your support

Please keep writing me your e-mails, letters at the city I really try to get to them all and I will make time for every resident as long as we can both be flexible with our schedules. I will always listen and try to help; sometimes we just want someone to listen. I know that most questions can be answered by the boss, Irene who is all knowing and will usually direct you to the right department. I've been fortunate to surround myself with very dependable people so please call me and let's get to work.
